

Crane Application

OffShore Crane Solution

Products:

~ Load Moment Indicator

- Wired, Wireless, Both Technology
- All load sensors designed to handle impact load more than 5~8 times of rated capacity
- All sensors, display, cables suited to withstand rough & hostile marine conditions
- Display and all sensors certified Intrinsically Safe by IEC- ATEX approval for use in hazardous area.
- Redundant power supply optional through Solar energy

KOPS-IS

Wide Range of Solution Offering

Factory Crane Solutions

EOT, Hoist, Gantry, Jib Crane, Forklifts

- ~ Load Indicator - Compact LCD Display
- ~ Load Indicator - Large LED Display
- ~ Overload Protection System
- ~ Wind Speed Indication System

Construction Crane Solutions

Mobile Telescopic, Lattice Crawler, Rough Terrain, Derricks, Truck Cranes, Pipe Layer Crane, Tower Cranes, Pick & Carry

- ~ Load Moment Indicator - Basic Display
- ~ Load Moment Indicator - Display with Tilt Indication
- ~ Load Moment Indicator - Color TFT Display
- ~ Over Moment Protection System
- ~ Tilt Indication System
- ~ Wind Speed Indication System

Marine Crane Solutions

Port Crane, Wharf Crane, Knuckle Boom Crane, Floating Vessels Crane, Oil Rig & Barge Pedestal Deck Crane

- ~ Load Moment Indicator
- ~ Wind Speed Indication System

Hazardous Area Crane Solutions

Zone-1 & Zone -2 Areas

- ~ Load Moment Indicator - IEC Certified

Railway Crane Solutions

Wagon Mounted & Accident Recovery Crane

- ~ Load Moment Indicator

Earth Moving Equipments

Excavators

- ~ Load Indication & Height Limitation System
- ~ Tilt Indication System
